

TRIALS
AND
TRIBULATIONS

Of a Real Life Private Eye

John M. Lajoie

Artistic Coordinator: Mark Waitkus
Illustration: John Gaston
Cover Design: Anne Ashley

“To his family, friends and colleagues, John Lajoie sometimes seems larger than life. Which makes it all the more appropriate that John, in his new book *Trials and Tribulations of a Real Life Private Eye*, is the one PI who puts to rest the myths that surround the profession. John is a real life investigator and the stories in his book are real life case studies. John uses the cases to illustrate the everyday world of private investigators, who are real life business men and women that have families, pay taxes, meet payroll, participate in community and civic affairs, and sometimes deal with pretty strange people and events. Lajoie pulls no punches, spares no one that which they deserve, shares credit with his colleagues, and brings more than a few surprises to the table. Whether you're in the business or not, this is an entertaining and enlightening read.”

Don C. Johnson, CLI, CII, Editor, *PI Magazine, Journal of Professional Investigators*

CONTENTS

Foreword
